## I. INTRODUCTION

1. Lighthouse Consulting Group, LLC (“Lighthouse”) was retained by McConnell Valdés LLC (“McV”) as counsel for, and on behalf of, AmeriNational Community Services, LLC (“AmeriNat”), the servicer for GDB Debt Recovery Authority (“DRA”), in connection with new bonds issued by the DRA pursuant to the Government Development Bank for Puerto Rico Debt Restructuring Act, Act No. 109-2017, as amended by Act No. 147-2018, and the approved Qualifying Modification for the Government Development Bank for Puerto Rico (“GDB”) under Title VI of the Puerto Rico Oversight, Management and Economic Stability Act (“PROMESA”).

2. Lighthouse was retained to analyze certain financial and accounting issues related to the DRA’s claims to certain revenues collected by the Commonwealth of Puerto Rico (“Commonwealth”) and allocated by law to the Puerto Rico Highways and Transportation Authority (“HTA”).<sup>2</sup> Specifically, I was asked to (i) identify and calculate the amounts and the source of certain revenues allocated to HTA for select time periods, (ii) identify and calculate the amounts and the source of money that were transferred to HTA related to certain revenues for select time periods, (iii) calculate the amounts and the source of money retained<sup>3</sup> by the Commonwealth related to certain revenues for select time periods, and (iv) identify HTA’s actual and potential uses of the monies received by HTA related to certain revenues.

3. In my report on September 13, 2021, I reserved the right to update my findings if additional relevant information was made available to me. This amended report (“Amended Report”) incorporates information I recently received and adjusts my previous analysis. For simplicity and clarity, this Amended Report replaces my initial Report in its

### III. BACKGROUND<sup>6</sup>

#### A. Acts 30 and 31

10. On June 25, 2013, Act No. 30-2013 ("Act 30") was enacted by the Commonwealth of Puerto Rico to amend Section 23.01 of Act No. 22-2000 in order to modify the amount of money allocated to HTA and that the Commonwealth should cover in a special deposit in the name of and for the benefit of HTA (the "Special Deposit"). Prior to Act 30, \$15 per each motor vehicle or trailer license fee was to be covered into the Special Deposit. Act 30's amendments provided that not only would the foregoing be covered into the Special Deposit, but that all motor vehicle or trailer license fees would be covered into the Special Deposit. The portion of the revenues in excess of the \$15 in licensing fees discussed above are referred to as "Act 30 Incremental Revenues" in this Amended Report.

11. On the same date, Act No. 31-2013 ("Act 31") was enacted by the Commonwealth of Puerto Rico to amend certain subsections of Section 3020.06 of Act No. 1-2011, as amended; Section 3020.07 of Act No. 1-2011, as amended; and Section 3060.11 of Act No. 1-2011, as amended. In their pertinent part with respect to my analysis, these amendments remove the cap of up to \$120 million per fiscal year in petroleum products excise tax allocated to HTA and provide HTA with an additional \$20 million each fiscal year from cigarettes excise taxes.<sup>7</sup> The petroleum products excise tax revenues in excess of \$120 million per fiscal year and the \$20 million in cigarette excise taxes allocated to HTA are referred to as the "Act 31 Incremental Revenues" in this Amended Report. The Act 30

Incremental Revenues and Act 31 Incremental Revenues are collectively referred to as the “Acts 30 & 31 Incremental Revenues” in this Amended Report.<sup>8</sup>

***B. Retention, PROMESA and Petition***

12. On November 30, 2015, the Commonwealth’s Governor issued Executive Order OE-2015-046 that ordered the retention of certain funds.<sup>9</sup> This Executive Order authorized the Commonwealth to retain revenues of HTA for purposes of paying back public debt obligations, and securing required funds for Puerto Rico’s health, security, education, and welfare.<sup>10</sup> The retained revenues included gasoline, oil, diesel, and petroleum taxes that had been allocated to HTA.<sup>11</sup>

13. Although neither the Commonwealth nor its Component Units, including HTA, are eligible to seek relief under Chapter 9 of the United States Bankruptcy Code, on June 30, 2016, the U.S. President signed the Puerto Rico Oversight, Management, and Economic Stability Act (“PROMESA”), which granted the Commonwealth and its Component Units access to an orderly mechanism to restructure their debts in exchange for significant federal oversight over the Commonwealth’s finances.<sup>12</sup> On May 21, 2017, HTA petitioned for a reorganization plan through Title III under PROMESA.<sup>13</sup>

---

<sup>8</sup> For the avoidance of doubt, the term “Acts 30 & 31 Incremental Revenues” as used in this Amended Report refers specifically to the incremental revenues implemented through Acts 30 and 31 and allocated to HTA, which are (i) the revenues in excess of \$15 for each vehicle or trailer license issued; (ii) the revenues in excess of \$120 million per fiscal year from the Petroleum Products Excise Taxes; and (iii) \$20 million per fiscal year from the excise tax on cigarettes. The term “Acts 30 & 31 Incremental Revenues” does not include the portion of taxes that are included in Acts 30 and 31 and existed before the passage of Acts 30 and 31.

<sup>9</sup> For purposes of the Amended Report, I refer to Executive Order OE-2015-046 as a “Retention.” (CW\_STAY0000954, DRA Ex. 266).

***B. Findings***

16. Based on my analyses, as described below in Sections V through VII of my Amended Report, for the period beginning December 1, 2015 through June 30, 2020, HTA was allocated \$1,012.5 million in Acts 30 & 31 Incremental Revenues. Of the Acts 30 & 31 Incremental Revenues allocated in that period, HTA received \$713.1 million, including unidentified transfers, resulting in \$299.4 million retained by the Commonwealth. Tables 1 and 2 below provide a more detailed breakdown of my calculations based on time periods analyzed and by fiscal year within those time periods, respectively.

## V. HTA EXCISE TAX AND OTHER REVENUES

### A. Summary of Revenues

17. My analysis of revenue in this Amended Report is limited to examining Acts 30 & 31 Incremental Revenues. Table 3 below summarizes adjusted Acts 30 & 31 Incremental Revenues for the Post-Retention/Pre-Petition and Post-Retention/Post-Petition Periods.

<sup>22</sup> See Schedule 1A; 1.1A; Schedule 1.2A. Amounts for fiscal year 2016 include the Post-Retention Period (December 1, 2015 through June 30, 2016).

Cigarettes	29.4	62.2	91.6
<b>Total</b>	<b>\$ 323.9</b>	<b>\$ 688.6</b>	<b>\$ 1,012.5</b>

***B. Testing of Revenues***

18. The starting point for my testing of Acts 30 & 31 Incremental Revenues summarized in Table 3 above are contemporaneous HTA schedules entitled “Fund 278 Accreditation.” These schedules contain detailed monthly revenue amounts by fiscal year that the Commonwealth allocated to HTA. Fund 278 Accreditation lists revenue amounts for each category of revenue, along with any adjustments or refunds within those categories, if applicable.<sup>24</sup> I tested the completeness and reasonableness of the revenue allocated to HTA by the Commonwealth for fiscal years 2016<sup>25</sup> through 2020 by cross-referencing Acts 30 & 31 Incremental Revenues summarized in Fund 278 Accreditation to the Commonwealth’s accounting data system<sup>26</sup> and external audit confirmations, as described

<sup>23</sup> See Schedule 1A.

<sup>24</sup> Fund 278 Accreditation (HTA\_STAY0054675, DRA Ex. 280); Fund 278 Accreditation (HTA\_STAY0008372, DRA Ex. 279).

<sup>25</sup> For purposes of this Amended Report, Acts 30 & 31 Incremental Revenues testing for fiscal year 2016 included the entire fiscal year and was not limited to the Post-Retention/Pre-Petition Period.

<sup>26</sup> It is my understanding that the Commonwealth’s accounting data system is identified as Puerto Rico Integrated Financial Accounting System (“PRIFAS”). Government of Puerto Rico Payroll Report, PR Department of Treasury For the month of September and first quarter FY19 (CW\_STAY0000203, DRA Ex. 265).

Amended Expert Report of Lizette Martinez, CPA, CFF, CFE  
Submitted October 7, 2021

below. I then considered adjustments based on significant variances observed between Fund 278 Accreditation and these two types of contemporaneous documents.

19. Described below are the additional types of contemporaneous documents used to test Fund 278 Accreditation, significant variances from Fund 278 Accreditation, and any adjustments I made based on comparing Fund 278 Accreditation to a contemporaneous source document.

20. Acts 30 & 31 Incremental Revenues associated with License Fees and Cigarettes are distinctly identified in Fund 278 Accreditation. However, Fund 278 Accreditation did not make a distinction between incremental Oil and Petroleum tax revenues associated with Act 31 and Oil and Petroleum tax revenues the Commonwealth allocated to the HTA prior to Act 31. As such, in this Section of the Amended Report, I tested the total Oil and Petroleum tax revenues, as noted in Fund 278 Accreditation. In Section V.C. of this Amended Report, I calculated the estimated portion of incremental Oil and Petroleum revenues associated with Act 31.

**a. Puerto Rico Integrated Financial Accounting System (“PRIFAS”) for Acts 30 & 31 Incremental Revenues Testing<sup>27</sup>**

21. It is my understanding that the Commonwealth provided data exports resulting from queries made to PRIFAS showing Fund 278 allocations and transfers to HTA.<sup>28</sup> To test for accuracy and completeness of revenues allocated to HTA, it was important to compare the Commonwealth records to those of HTA. This procedure was used to determine if any revenue amounts that were included in the Commonwealth accounting records were missing from Fund 278 Accreditation. This test also helps determine if any of the revenue amounts in Fund 278 Accreditation were overstated compared to the Commonwealth’s accounting records. For this reason, I analyzed the data exports from

PRIFAS and identified Acts 30 & 31 Incremental Revenues for all time periods studied. I identified Acts 30 & 31 Incremental Revenues by considering the following data fields:

- i. *DEPTID* (“*Department ID*”): HTA (“*Autoridad de Carreteras*”) is identified with the Department ID of 0660000.<sup>29</sup>
- ii. *ACCOUNT*: Using the Commonwealth’s “*Chart of Accounts*,” I identified the revenue “*Account*” codes that apply to Fund 278 based on HTA’s Department ID.<sup>30</sup> I limited my analysis to those account codes that pertained to Acts 30 & 31 Incremental Revenues based on the account description. I then compared these Acts 30 & 31 Incremental Revenues account codes to those Acts 30 & 31 Incremental Revenues account codes found in Fund 278 Accreditation.<sup>31</sup> Table 4 below identifies the Acts 30 & 31 Incremental Revenues account codes, descriptions, and revenue category I used for each of the accounts in my analyses.
- iii. *ACCOUNTING\_DT* (“*Accounting Date*”): I assumed this field to be the date in which the transaction was entered into PRIFAS.

<sup>31</sup> Three exceptions were noted. Included in Fund 278 Accreditation were two Oil and Petroleum revenue account codes (R0331 and R0332) and one License Fee (R0822) revenue account code that did not appear in the Commonwealth’s “*Chart of Accounts*.” I included these three additional revenue accounts in my analysis.

22. For fiscal years 2016 through 2020, I identified Acts 30 & 31 Incremental Revenues in the PRIFAS data by limiting the data to the Department ID and Accounts described above. I calculated the revenue amount by fiscal year using the Accounting Date. I compared these yearly amounts to the corresponding revenue category in Fund 278 Accreditation using Account numbers. In comparing the Commonwealth's PRIFAS Acts 30 & 31 Incremental Revenues data to HTA Acts 30 & 31 Incremental Revenues found in Fund 278 Accreditation, I noted significant variances in fiscal years 2016 and 2020. These significant variances are described in the following Sections.

1. PRIFAS Acts 30 & 31 Incremental Revenues Significant Variance from  
Fund 278 Accreditation for Fiscal Year 2016

23. In fiscal year 2016, when comparing the Acts 30 & 31 Incremental Revenues between PRIFAS and Fund 278 Accreditation by account code, I noted a significant

difference in account code “R0334 - \$3.25 Diesel+Non Diesel” and “R0310 – Arbitrios-Cigarillos.” I describe my analysis of these variances below.

**i. R0334 - \$3.25 Diesel+Non Diesel**

24. Per PRIFAS, fiscal year 2016 revenue recognized by the Commonwealth under this account code was \$90.6 million, while revenue under the same account code in Fund 278 Accreditation was noted to be \$25.0 million, resulting in a variance of \$65.6 million.<sup>33</sup>

25. I determined that the majority, or 97%, of the variance is attributed to an adjusting entry posted to PRIFAS on September 14, 2017, with an effective date of June 30, 2016, for \$63.6 million.<sup>34</sup> The adjusting entry increased revenue by \$63.6 million and is described in PRIFAS as:

*“Se reconoce ingreso de planilla mensual de arbitrios de \$63,626,838.27 cobrado bajo de la cifra R0334 durante el año fiscal 2015-16 a traves de Colecturía Virtual. Durante este periodo la clave 0334 no estaba afectando el Mayor de Colecturias. Heidi.”<sup>35</sup>*

26. Additionally, in order to determine whether a revenue adjustment is reasonable for fiscal year 2016, I analyzed the Oil and Petroleum fiscal year revenue prior and subsequent to fiscal year 2016 to determine whether including the adjustment would create an anomalous Oil and Petroleum revenue in fiscal year 2016. Chart 1 below shows a comparison of the total Oil and Petroleum revenue balances per the Commonwealth’s PRIFAS data and Fund 278 Accreditation.

**CHART 1**  
**Comparison of Oil and Petroleum Revenues**  
**Between PRIFAS and Fund 278 Accreditation<sup>36</sup>**

27. Per the Commonwealth's PRIFAS data, revenue for Oil and Petroleum for fiscal years 2015, 2016, and 2017, including the \$63.6 million adjustment in fiscal year 2016, are reflected as \$262.2 million, \$263.8 million, and \$256.8 million, respectively. Fiscal year-end revenue for Oil and Petroleum as stated in Fund 278 Accreditation for fiscal years 2015, 2016, and 2017 are \$265.6 million, \$198.2 million, and \$256.8 million, respectively.

28. Based on the above, I determined that it is reasonable to include the \$63.6 million adjustment in my analysis, as stated in PRIFAS, and increase the Fund 278 Accreditation Oil and Petroleum Revenues by the stated adjustment amount.

29. Table 5 below shows the Oil and Petroleum Revenues adjusted balance for fiscal year 2016.

30. Per PRIFAS, fiscal year 2016 revenue recognized by the Commonwealth under this account code was \$20.0 million, while revenue under the same account code in Fund 278 Accreditation was noted to be \$18.3 million, resulting in a variance of \$1.7 million.

31. I determined that the variance is due to a missing revenue allocation in Fund 278 Accreditation for the month of February 2016. I determined that a revenue adjustment was reasonable based on the consistent monthly revenue allocation of \$1.7 million, or \$20 million annually, in Fund 278 Accreditation throughout the entire time period I studied, with the exception of this one month. This is also consistent with Act 30, which allocated \$20 million in cigarette excise taxes to HTA each fiscal year.

34. Based on the current information I reviewed, I am unable to determine which revenue source is most accurate. Therefore, I included the lesser figures from Fund 278 Accreditation and did not make any adjustments based on the PRIFAS variances noted. If it is determined that amounts reflected in PRIFAS are more accurate, fiscal year 2020 revenue in my analyses for Oil and Petroleum and License Fees would increase by \$19.4 million and \$13.9 million, respectively.

**b. External Audit Confirmations for Acts 30 & 31 Incremental Revenues Testing**

35. As part of HTA's fiscal year-end audits, the external auditors received a written confirmation from the Commonwealth verifying revenue recognized by HTA by category, among other balances stated within HTA's books and records. I identified the audit confirmations from the Commonwealth for fiscal years 2016 and 2017.<sup>40</sup>

36. For each fiscal year that I identified an audit confirmation from the Commonwealth, I compared the revenue amount on the confirmation to the revenue amount in Fund 278 Accreditation. I matched the revenue category on the confirmation to the revenue category in Fund 278 Accreditation by using the descriptions noted in both sources. From these procedures, I noted no additional significant variances and determined that no further adjustments to Fund 278 Accreditation revenue amounts were required.

***C. Calculation of Act 31 Incremental Revenues for Oil and Petroleum***

Incremental Revenues for Oil and Petroleum.<sup>41</sup> In order to analyze Act 31 Incremental Revenues for Oil and Petroleum, an adjustment to the total Oil and Petroleum revenue is required. It is my understanding that prior to the passing of Act 31, the Oil and Petroleum excise tax revenue allocated to HTA was capped at \$10 million per month, or \$120 million per fiscal year.<sup>42</sup> Therefore, in my analysis, I assumed that only amounts in excess of \$120 million of Oil and Petroleum revenue collected in the year pertained to Act 31 Incremental Revenues. Table 8 below illustrates my calculation in determining Act 31 Incremental Revenues for fiscal years 2016 through 2020.

## VI. EXCISE TAX AND OTHER REVENUE TRANSFERS TO HTA

### A. Summary of Transfers

38. As discussed above, prior to the passing of Acts 30 and 31, the Commonwealth transferred excise taxes and other revenue to HTA. Acts 30 and 31 increased Oil and Petroleum tax revenues, License Fees, and specific Cigarette tax revenues allocated and

<sup>41</sup> It should be noted that no similar adjustments were necessary for License Fees or Cigarettes, as both revenue categories have unique revenue account codes within Fund 278 Accreditation and PRIFAS.

Table 9 below summarizes adjusted Acts 30 & 31 Incremental Transfers for the Post-Retention, and Post-Retention/Post-Petition Periods.

***B. Testing of Transfers***

39. The starting point for my testing of the amounts and revenue source categorization of Acts 30 & 31 Incremental Transfers summarized in Table 9 above are the same Fund 278 Accreditation schedules that are used as the starting point for Acts 30 & 31 Incremental Revenues testing. Aside from containing excise taxes and other revenues, these schedules contain detailed monthly transfer amounts made by the Commonwealth to HTA for each fiscal year analyzed.<sup>45</sup> Fund 278 Accreditation lists transfer amounts by revenue source

<sup>44</sup> See Schedule 1A.

<sup>45</sup> Incomplete information was provided for FY 2020 in Fund 278 Accreditation (HTA\_STAY0054675, DRA Ex. 280; HTA\_STAY0008372, DRA Ex. 279).

category. The revenue source categories associated with Acts 30 & 31 Incremental Transfers listed within Fund 278 Accreditation are Petroleum GDB, License Fees, and Cigarettes.<sup>46</sup>

40. I tested the completeness and accuracy of the transfers to HTA from the Commonwealth by cross-referencing all Acts 30 & 31 Incremental Transfers summarized in Fund 278 Accreditation to vouchers and voucher-related documents available, the Commonwealth's PRIFAS accounting data system, and bank statements, as described below. I considered adjustments based on variances observed between Fund 278 Accreditation and the contemporaneous documents.

41. It is my understanding that Fund 278 Accreditation summarizes the transfers received by HTA based on the date the funds were received and does not correlate the transfers to when the excise taxes and other revenues were allocated. The bases for matching allocated revenue with corresponding Acts 30 & 31 Incremental Transfers, summarized in Table 9 above, were contemporaneous vouchers and voucher-related documents.

42. Described below are vouchers and voucher-related documents, additional types of contemporaneous source documents used to test Fund 278 Accreditation, variances from Fund 278 Accreditation, and any adjustments I made based on comparing Fund 278 Accreditation to contemporaneous source documents.

**a. Vouchers and Voucher-Related Documents for Acts 30 & 31 Incremental Transfer Testing**

43. It is my understanding that excise taxes and other revenues were first collected by the Commonwealth and then remitted to HTA using a voucher process.<sup>47</sup> The vouchers

---

<sup>46</sup> Transfer amounts are denoted as "Withdrawals" in Fund 278 Accreditation (HTA\_STAY0054675, DRA Ex. 280; HTA\_STAY0008372, DRA Ex. 279).

<sup>47</sup> The limited scope of this Amended Report does not include validating Acts 30 & 31 Incremental Revenues collected by the Commonwealth prior to transfer to HTA.

and voucher-related documents identify the: (1) revenue source category of excise taxes or other revenues for which it is requesting payment; (2) month of service associated with the voucher; (3) amounts of monies requested; and (4) bank accounts to which funds were transferred.<sup>48</sup>

44. In order to match the Acts 30 & 31 Incremental Transfers to the corresponding period in which the revenue was allocated and to validate the category for certain revenue transfers on Fund 278 Accreditation, I first identified the appropriate voucher. I identified the voucher using the voucher identification number stated in HTA documents entitled “Voucher AF.” The “Voucher AF” documents include voucher identification numbers, dates of transfer, revenue source categories of Acts 30 & 31 Incremental Transfers, and amounts of Acts 30 & 31 Incremental Transfers. “Voucher AF” documents were available for fiscal years 2016 through 2018.<sup>49</sup> For fiscal years in which the “Voucher AF” document was not made available (i.e., 2019 and 2020), I obtained the voucher identification number by tracing the transaction to PRIFAS. This process is described below.

45. Additionally, included in vouchers and voucher-related documents is the revenue source category of the specific Acts 30 & 31 Incremental Transfers. In performing the comparison to validate the revenue source category of Acts 30 & 31 Incremental Transfers in Fund 278 Accreditation with the voucher and voucher-related documents, I noted that in fiscal year 2020 there were several transfers where Fund 278 Accreditation did not identify the revenue source category.<sup>50</sup> For these transactions I was able to identify the revenue source category through voucher and voucher-related documents. I also noted that there were two variances between Fund 278 Accreditation and voucher and voucher-related documents. I further tested these variances to determine the appropriate revenue

source category by identifying the revenue source category in PRIFAS, as described below. Presented in Table 10 below are the two variances noted in the revenue source categories.

**TABLE 10**  
**Variances in Revenue Source Categories of Acts 30 & 31 Incremental Transfers<sup>51</sup>**

9/24/2015	16055004	\$ 2,300,248	Cigarettes	License Fees

46. For Acts 30 & 31 Incremental Transfers where the vouchers and voucher-related documents were not available, and for each of the variances between Fund 278 Accreditation and the voucher and voucher-related documents in Table 10 above, I studied the Commonwealth's PRIFAS data to determine the corresponding month in which the Acts 30 & 31 Incremental Transfers were allocated, as well as the appropriate category for the transfers. This process is described below.

**b. PRIFAS for Acts 30 & 31 Incremental Transfer Testing<sup>52</sup>**

47. Using the PRIFAS data exports provided by the Commonwealth, I identified the: (1) voucher number for periods in which the "Voucher AF" document was not made available; (2) corresponding month in which the Acts 30 & 31 Incremental Transfers were allocated for instances where the vouchers and voucher-related documents were not made available; and (3) corresponding revenue source categories of Acts 30 & 31 Incremental Transfers for those variances between Fund 278 Accreditation and voucher and voucher-

related documents noted above. I identified Acts 30 & 31 Incremental Transfers information by considering the following data fields:

- i. *Voucher1*: This data field is populated with the voucher identification number.
- ii. *Invoice* and *Descr*: These data fields provide information regarding the corresponding month in which the Acts 30 & 31 Incremental Transfers were allocated and the related transfer category.
- iii. *Amount*: This data field provides the amount of the Acts 30 & 31 Incremental Transfers.
- iv. *Acctg Date* (“*Accounting Date*”): I assumed this field to be the date in which the transaction was entered into PRIFAS.

48. When “Voucher AF” documents were not made available, or when vouchers or voucher-related documents were not made available, I used the Fund 278 Accreditation transaction amount to match the corresponding PRIFAS Acts 30 & 31 Incremental Transfers amount. I then used the Accounting Date to ascertain the reasonableness of whether I had identified the appropriate transaction within PRIFAS by comparing the accounting date to the month found within Fund 278 Accreditation. Once I identified the Acts 30 & 31 Incremental Transfers match between PRIFAS and Fund 278 Accreditation, I was able to determine the corresponding month in which the Acts 30 & 31 Incremental Transfers were allocated and the related transfer category.

49. For the two variances between Fund 278 Accreditation and the voucher and voucher-related documents identified in Table 10 above, I was able to verify that the revenue category for those Acts 30 & 31 Incremental Transfers found within PRIFAS agreed with the information found in the voucher and voucher-related documents.

Amended Expert Report of Lizette Martinez, CPA, CFF, CFE  
Submitted October 7, 2021

Therefore, for those Acts 30 & 31 Incremental Transfers, I used the revenue source category that is consistent with both voucher and voucher-related documents and PRIFAS.

**c. Bank Statements for Acts 30 & 31 Incremental Transfer Testing**

50. To verify the amounts of Acts 30 & 31 Incremental Transfers stated in Fund 278 Accreditation, I compared each individual transfer amount to amounts detailed within HTA's bank account statements. Table 11 below identifies HTA bank accounts which initially received the Acts 30 & 31 Incremental Transfers from the Commonwealth, along with the applicable fiscal year, that I used in my analysis.

**TABLE 11**  
**HTA Bank Accounts and Applicable Fiscal Years<sup>53</sup>**

Bank Accounts			Applicable Fiscal Year

Oriental	Deposit Law 30 & 31	████ 2489		x	x	x	x

51. Using the month and amount of Acts 30 & 31 Incremental Transfers identified in Fund 278 Accreditation, I was able to identify and trace every transfer to a HTA bank account. Using this procedure, I was able to confirm the accuracy of Acts 30 & 31 Incremental Transfers amounts within Fund 278 Accreditation without exception.<sup>54</sup> However, it should be noted that there were several instances in fiscal years 2019 and 2020

<sup>53</sup> For example, see GDB x4276 (HTA\_STAY0011921, at 1923, DRA Ex. 294); Oriental x9874 (HTA\_STAY0012803, DRA Ex. 308); Oriental x2489 (HTA\_STAY0052743, DRA Ex. 362; HTA\_STAY0054132, DRA Ex. 371; HTA\_STAY0046981, DRA Ex. 325; HTA\_STAY0049956, DRA Ex. 337).

<sup>54</sup> While all Acts 30 & 31 Incremental Transfers in Fund 278 Accreditation were verified by bank statements, there were two transfers that I identified in bank statements that were not in Fund 278 Accreditation. I included these transfers in my calculations of total Acts 30 & 31 Incremental Transfers. See Schedule 1.6A, note 3.

where the month of Acts 30 & 31 Incremental Transfers reflected in Fund 278 Accreditation varied from the bank statement.<sup>55</sup> Since I relied on the vouchers and voucher-related documents to match the allocated revenue with corresponding Acts 30 & 31 Incremental Transfers, these variances did not impact this analysis.

**VII. AMOUNTS AND CATEGORY OF FUNDS NOT TRANSFERRED BY THE COMMONWEALTH TO HTA**

52. Based on my analyses of Acts 30 & 31 Incremental Revenues and Acts 30 & 31 Incremental Transfers, I calculated the amounts of revenue allocated by HTA that were not transferred to HTA by the Commonwealth.<sup>56</sup> I calculated these amounts by revenue category and time period analyzed. Table 12 below summarizes the results of my calculation.

**VIII. HTA POTENTIAL USES OF ACTS 30 & 31 INCREMENTAL TRANSFERS  
RECEIVED BY HTA FROM THE COMMONWEALTH**

53. In order to study the potential use of Acts 30 & 31 Incremental Transfers to HTA in the Pre-Retention, Post-Retention/Pre-Petition, and Post-Retention/Post-Petition periods, I first identified the relevant bank accounts in which HTA received Acts 30 & 31 Incremental Transfers by analyzing and reviewing voucher and voucher-related documents, contemporaneous email correspondence, and other internal HTA records.<sup>58</sup> After identifying the relevant bank accounts in which HTA received Acts 30 & 31 Incremental Transfers, I was then able to identify additional HTA bank accounts by studying the corresponding outgoing transactions from one account to the incoming transactions recorded in another HTA bank account. Table 13 below identifies the HTA bank accounts included in my analysis.

<sup>58</sup> Through the date of this Amended Report, I have not analyzed the use of Acts 30 & 31 Incremental Revenues retained by the Commonwealth. If additional information becomes available, I may supplement this Amended Report.

the time periods discussed below, I used the transaction date on the HTA bank statements to determine when the Acts 30 & 31 Incremental Transfers were received by HTA.<sup>59</sup>

*A. Pre-Retention Use of Acts 30 & 31 Incremental Revenues Transferred To HTA*

55. Based on my analysis of validating Acts 30 & 31 Incremental Transfers as discussed in Section VI of this Amended Report, I determined that GDB Fondos Act Referentes Leyes 30-31 Account [REDACTED]4276 ("GDB x4276") was the only HTA bank account that received Acts 30 & 31 Incremental Transfers in the Pre-Retention Period. I also determined that no other funds outside of Acts 30 & 31 Incremental Transfers were received by this bank account for this time period. Table 14 below illustrates the revenue source categories of Acts 30 & 31 Incremental Transfers in this bank account for the Pre-Retention Period.

corresponding outgoing transfers within the same bank account. I used the same information to match outgoing transfers from one bank account to incoming transfers in another bank account. As an example, Chart 2 below illustrates the tracing of an August 2014 Acts 30 & 31 Incremental Transfer, with the description "TRF. ORIENTAL/PRHTA," through other HTA accounts. I determined that the ultimate use of funds for this example was debt service payments related to PRHTA 2013A Note Payment Fund.

57. The example above, where the ultimate use of funds was debt service payments on 2013 Bond Anticipation Notes ("BANs"), is illustrative of approximately 60.5%, or \$141.7 million of \$234 million,<sup>62</sup> of the uses accounted for in GDB x4276 in this period for Acts 30 & 31 Incremental Transfers.

58. Using the process, as described above, I was able to identify additional potential uses and transfers to other accounts for Acts 30 & 31 Incremental Transfers. While I was able to identify transfers to other accounts, with the information currently available, I was not able to determine the ultimate uses of these transfers. In Chart 3 below, I highlighted the identified uses and transfers.

***B. Post-Retention/Pre-Petition Potential Use of Acts 30 & 31 Incremental Revenues  
Transferred To HTA***

59. Based on my analyses of validating Acts 30 & 31 Incremental Transfers as discussed in Section VI.B. of this Amended Report, I determined that GDB x4276, Oriental Construction Account [REDACTED] 9874 ("Oriental x9874"), and Oriental Deposit Law 30 & 31 Account [REDACTED] 2489 ("Oriental x2489") were HTA bank accounts that received Acts 30 & 31 Incremental Transfers in the Post-Retention/Pre-Petition Period. I determined that for GDB x4276<sup>64</sup> and Oriental x2489<sup>65</sup> the majority of funds received were related to Acts 30 & 31 Incremental Transfers. I also determined that approximately 42%, or \$24.3 million, of the funds received in Oriental x9874 were related to Acts 30 & 31 Incremental Transfers.<sup>66</sup> Table 15 below illustrates the revenue source categories of Acts 30 & 31 Incremental Transfers by bank account for the Post-Retention/Pre-Petition Period.

---

<sup>64</sup> I understand that \$53,667,573 received in March 2016 was related to transfers to HTA where the source of revenue, or category, was not defined within Fund 278 Accreditation. To be consistent with my approach in Section VI of this Amended Report, I considered these monies to be Acts 30 & 31 Incremental Transfers. Fund 278 Accreditation (HTA\_STAY0008372, DRA Ex. 279); GDB Fondos Act Referentes Leyes 30-31 Account [REDACTED] 4276 (HTA\_STAY0011931, at 1937, DRA Ex. 295).

<sup>65</sup> I determined that \$76,980,796 of \$101,593,406, or approximately 76%, of funds received are related to Acts 30 & 31 Incremental Transfers. See Schedule 4.1A; Schedule 4.1.2A.

<sup>66</sup> Based on my analysis, September 2016, was the only month in which Oriental x9874 directly received Acts 30 & 31 Incremental Transfers from the Commonwealth in the Post-Retention/Pre-Petition Period. HTA Oriental Construction Account [REDACTED] 9874, September 2016 (HTA\_STAY0012043, DRA Ex. 298).

<b>Total</b>	<b>\$ 145.3</b>	<b>\$ 24.3</b>	<b>\$ 77.0</b>	<b>\$ 246.6</b>

60. The review of GDB x4276 bank statements during this time period identified specific descriptions that I used to determine the flow of funds. In addition to the descriptions, I utilized the transaction dates and amounts to match incoming transfers to corresponding outgoing transfers within the same bank account. I used the same information to match outgoing transfers from one bank account to incoming transfers in another bank account.

61. The review of Oriental x2489 bank statements during this time period identified specific descriptions that I analyzed to determine the potential uses of the funds available in Oriental x2489, of which the majority were Acts 30 & 31 Incremental Transfers. Given the volume of transactions and variety of descriptions within this account, I grouped similar descriptions into unique categories to facilitate my analysis.<sup>68</sup>

<sup>67</sup> See Schedule 4.1.1A. The date ranges for the bank accounts are as follows:

GDB x4276: December 1, 2015 through June 30, 2016;

Oriental x9874: September 2016;

Oriental x2489: October 1, 2016 through May 20, 2017.

<sup>68</sup> See Schedule 6A.

Amended Expert Report of Lizette Martinez, CPA, CFF, CFE  
Submitted October 7, 2021

62. Acts 30 & 31 Incremental Transfers received by Oriental x9874 were commingled with other sources. As a result, I was unable to identify the uses of these monies and included them as transfers to Oriental x9874 in Table 16 below. The amount of Acts 30 & 31 Incremental Transfers that was directly received by Oriental x9874 during this time period totaled \$24.3 million.<sup>69</sup>

63. Using the processes, as described above, I was able to identify additional potential uses and transfers to other accounts from the available funds in GDB x4276 and Oriental x2489, of which I determined the majority relates to Acts 30 & 31 Incremental Transfers. While I was able to identify transfers to other accounts, with the information currently available, I was not able to determine the ultimate uses of these transfers. In Table 16 below, I highlighted the identified uses and transfers.

I determined that for Oriental x2489, the majority of funds received were related to Acts 30 & 31 Incremental Transfers.<sup>71</sup> Table 17 below illustrates the revenue source categories of Acts 30 & 31 Incremental Transfers in this bank account for the Post-Retention/Post-Petition Period.
